Notes:

*a) Viewers platform:
Requires extra strong floor supports
Made of multiple 4x4 posts or metal,
concrete or other stronger supports.
Also must have superior flooring
construction and craftsmanship.

*b) Viewers platform:
also should have a railing from the
lowest point of ramp to highest
point on ramp. Leave at least 2 open
spots free of seating at the lowest
location on ramps to allow for
wheelchairs.

Front Entrance
